2 FOLLOW UP

For past students who want continue the Atlantic S.E.A.L. experience back at home. We miss you too.

3 START UP

This programme is for new students who want start learning English but, are unable to travel from home at the moment.

There are 3 main online programmes you can choose

1. The '**WARM UP**' - for Students who have not yet visited us but plan to and wish to 'warm up' their English before arrival. This way they can really prepare for the experience, gain confidence, and 'meet' our teachers. By feeling relaxed and familiar with the language, they will quickly start to make real improvement the moment they arrive.

For those of you who choose '**Warm Up**' you will be 'meeting' one of our team who is likely to be your teacher when you **DO** come here. So then you won't be nervous. You will feel very confident when you get here. There will be no time wasted in assessing you as we will know your level and needs and you will go straight to class!

2. The '**FOLLOW UP**' - for students who have already been with us. You will benefit from a very successful '**follow up**' when you are back home. We have a record of your level, needs, strengths and weaknesses and what you have already covered in our lessons, so we can start immediately to take you to the next level with no delay or chance for you to forget what you have learnt.

For those of you who choose '**Follow Up**' normally you already know the teacher, so you will be really relaxed and confident and that's how you will remember and use what you already know and continue to progress very quickly.

3. The '**START UP**' – if you have not studied at **Atlantic SEAL** and cannot plan a visit in the near future, **don't worry**, it's always a good time to start! We offer a full assessment of your current English skills. You tell us what you want to achieve and we will advise you on how to do this and then take you from start to finish.

For those of you who choose '**Start Up**' we are a highly reputable and **approved English School** and one of **Ireland's top teacher training centres**. So our own teachers are highly trained. This is your guarantee that you will receive expert personal tuition even if you cannot visit us here in person **..yet!**
